Quick Quotes

Q. Just walk us through your round to start the tournament here.

BROOKE HENDERSON: Yeah, I hit it really well especially on the front nine. Gave myself a lot of good birdie opportunities just didn't get them to drop as many putts as I would like. Only one birdie on the card today, which make it's tough to score and obviously a rough finish to get I guess 4-over on the back nine. I feel like it definitely wasn't 4-over worthy, so hopefully tomorrow can clean that up a little bit.

Q. We talked to Alena about kind of the same thing. When you feel like you played well enough and it doesn't reflect in the score, how do you kind of approach that stat and move forward?

BROOKE HENDERSON: I hit it really well today for the most part. A couple loose swings cost me. But otherwise the ball striking was in pretty good shape, it was just kind of around the greens, disappointing to not see more putts fall but that's golf, I guess, right? So hopefully tomorrow clean it up a little bit, make some more birdies and climb up.
