## In Bee Park

### Quick Quotes

**Q. First round done. As the defending gold medalist. You have to be proud of how you played today.**

IN BEE PARK: I started off really, really good. I was really satisfied on the front nine. Just the back nine the putts didn't drop. A little bit disappointed the back nine, but overall play was I think pretty good, just the putter, just have to make more the next few days.

**Q. Be nice to the putter again?**

IN BEE PARK: Yeah.

**Q. How did you survive the heat, what was the strategy with that?**

IN BEE PARK: I think it's just to survive. I don't have any strategy. Just drink a lot of water and relax and just burn everything that you have out here and then just go to the hotel and relax and recharge.
