Quick Quotes

Reporter: Impressive round of 65. Take us through your day.

Mone: There were few tees that were moved up on front nine. One of them was a drivable par 4. It was huge that I was able to make eagle there.

Reporter: Talk about that chip in eagle on 6th hole. Did it go as you had planned to?

Mone: Yes, I was able to play just as I planned to.

Reporter: You talked about your struggle with the putting yesterday. How would you rate your performance on the greens today?

Mone: I was able to convert some of the opportunities on front nine. But I left few short ones out there coming in. Otherwise, I'm pretty content with my performance overall today.

Reporter: You ranked number one in fairway accuracy yesterday. You continued the impressive performance off the tee today.

Mone: Yeah, I managed to avoid hitting from the rough today.

Reporter: What is your game plan for the next few days?

Mone: I'd like to continue to convert opportunities and go for a low round.

Reporter: You are within reach to win a medal. Do you think about that while you are out there?

Mone: I'm not thinking about winning a medal. Instead, I'm trying to focus on executing my game plan and shooting a low round.

Reporter: Are you aware of the leaderboard during round?

Mone: I'm not as concerned about my standing on the leaderboard. But rather focused on the score I'm shooting. I'm not thinking about the results but focusing on my performance.
