Quick Quotes

Q. Joined by Wei-Ling Hsu. 2-under for you today. how would you summarize your final round?

WEI-LING HSU: Today, I mean, whole week has been really tough with the wind, and like after the first round I try to tell myself that, just stay calm as possible. Just don't make a big trouble, which I did on second round.

But it's like part of learning. I think this is a good test for this course condition, and today I just tried to keep calm. I knew the wind seems like a little bit stronger than yesterday or the past three rounds, so I was like, just try my best to find fairway and find the green, which is worked out really well.

I hit a lot of good shot today. Not very good on chipping but the rest is really good.

Q. Do you get to enjoy these conditions like the wind and the heat and the pin positions or is it more like you accept them and go with them? If you do, how do you do it?

WEI-LING HSU: Before the round I try to tell myself that this is the major. We all know it's going to be windy and be really tough out there.

So I told myself that I needed to accept every situation. The pin is going to be nasty. I might make bogey or maybe double. Just accept any situation out there.

So once I did miss the shot or there is a tough lie, I kind of accept it really quick and I don't feel like oh, my God, I missed the shot or anything. I'm just like, okay, this is how I going to put that back to the green or try it save the par, yep.
