### Quick Quotes

**Q. All right, Jeeno, so Top 5 here at the KPMG Women's PGA Championship. Talk about the week as a whole.**

JEENO THITIKUL: I think it's pretty on the positive-wise to be honest. You know, like I'm not really have my confident with my putter and driver that much like coming of this week, but like finishing with Top 5 give me a lot of positive, and then also confidence.

**Q. Talk about that. Best finish in a major this year and matches your best finish at the KPMG.**

JEENO THITIKUL: Uh-huh.

**Q. What does that mean to you overall?**

JEENO THITIKUL: I don't know. I just maybe have a little bit positives with the KPMG major maybe. I don't know. But like, yeah, to me, I think majors is always tough condition where I have to be really, really patient and have really, really strong games going.

But like, you know, Top 5 finish in it one major out of five, I really happy with that.
